

TASTE Meeting

Saint Petersburg, 2014 August 28

Decisions taken

Participants : Stefano Corsi, Michael Steiner, Hans Westlund, Romain Melot, Jean-Baptiste Traversac, André Torre, Fred Wallet

Discussions focused on seven key points:

- Production of annual activity reports
- What timetable for the 2 years remaining before the end of the project?
- What definition of smart development for the TASTE project?
- What available statistics for each WP and how to combine them at project level?
- How to work on case studies?
- Production of a tool for policy makers
- Dissemination strategy

Have to be done by November

1. Activity Reports

WP leaders have to collect information on their WP and forward it to the coordinating team for September 30

2. TASTE project schedule

André and Fred propose an agenda of project activities until the end of the project, including productions to perform and meeting dates

Note: This schedule should reflect the extension of the term of the contract obtained by the team leader with French Research Agency

3. Definition of smart development

Each WP leader gathers information and papers on what is smart for his WP, and sent it to André and Fred WP. Deadline: end of September

André and Fred prepare a paper to provide a common definition of smart development in Taste and submit it to the consortium. Deadline: October 10

Paper / definition is adopted by the whole consortium: Deadline: early November

4. Data analysis

A one-day meeting to work on the harmonization of statistical data will be held in Milan at the end of the year in the presence of the consortium members interested in the topic. Date to be determined.

5. Case studies

In deep work on how processing case studies will be held during the annual meeting in Paris in November, based on the work already undertaken by several teams. The aim is to achieve quite high level of homogeneity on case studies analytical grids, allowing comparisons

6. Tool for policy makers

It may be appropriate to consider the production of a simple modeling and simulation tool for decision makers and the EU, based on research results. Feasibility of this idea will be tested in the coming weeks. Stefano and Fred are in charge of early investigations.

7. Dissemination Strategy

A first common publication of TASTE project could target Eurochoice, a broadly spread and policymakers as researchers focused review. Stefano is responsible for making an initial proposal by the annual meeting in Paris.

A common publication plan will be proposed by André and Fred at the meeting of November

REMINDER

TASTE Annual Meeting will be held in Paris, on 2014 November 4th and 5th
